Welsh Government School Categorisation

As you may be aware from the local news our school has been awarded Green categorisation again this year. We are delighted to be recognised as a school where pupils are performing well based on good quality teaching and learning experiences. This means that we need less support from the Local Authority to maintain our school. Thank you to everyone involved in the school. I am very proud of the progress of the school and we continue to work hard to make further improvements.
