

Barnaby Bear visits Spain

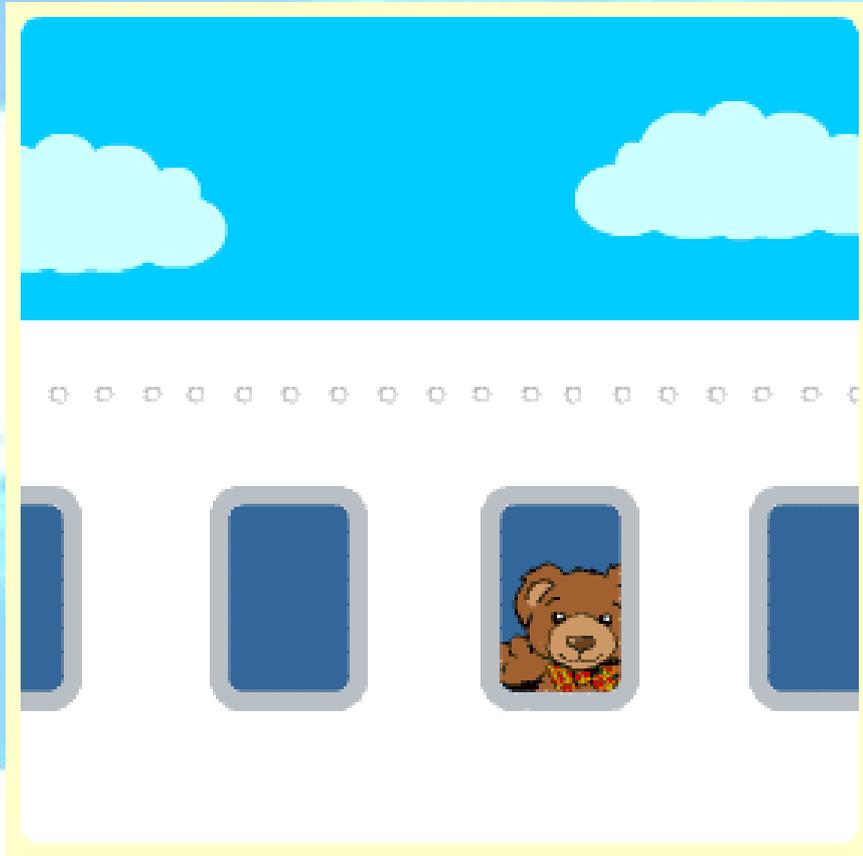

I found a map of Spain on the computer

It is in Europe.

I need to go to the bank and get some euros to spend in Spain.

- **I flew from Chester to Spain.**
- **I loved being on the plane! I could see lots of things from my window!**
- **I thought I saw my house in England but it was too small to tell! I just couldn't wait to be in Spain!**

**The capital
city is called
Madrid**

**We stayed in Madrid for 1
night. It was a very big and
busy city.**

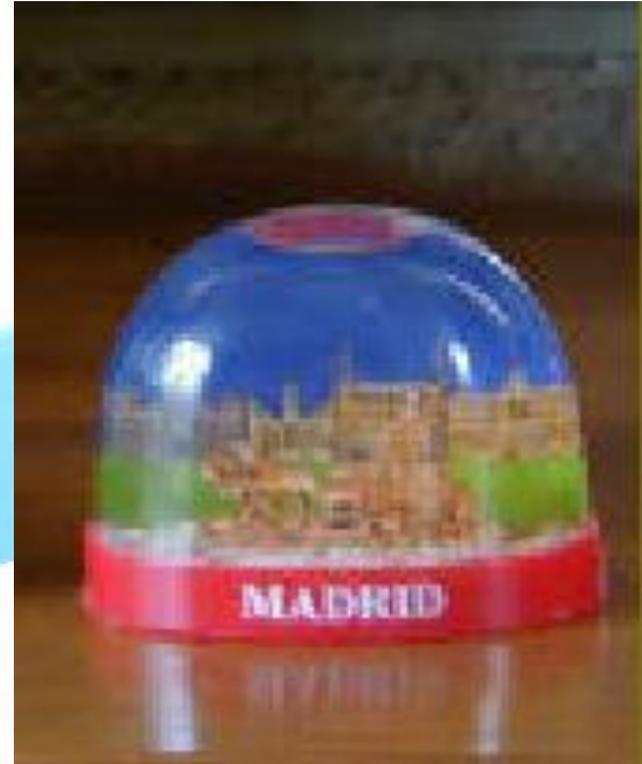

Dad took me to
see Real Madrid
play football. It
was FANTASTIC!

This is a souvenir I bought from a gift shop. It is a snow dome.

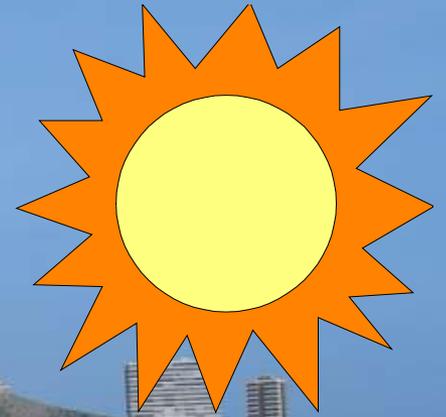

Have you ever bought a souvenir on holiday?

The next day we
hired a a car
and we drove to
the our hotel by
the sea.

The mountains shelter the beach from chilly winds. This means you can go to the beach all year round.

I couldn't wait to get to the beach. It was REALLY hot and sunny!

I met a Spanish boy called Chico. 'Chico' is Spanish for 'boy'. Chico was wearing a special hat called a sombrero. A sombrero shades you from the hot sun.

Ola Barnaby!

Ola Chico!

I saw lots of Spanish food. This made me very hungry!

I went to a restaurant and ordered paella. Paella is a traditional Spanish food.

I am so tired.
I need a rest!

In Spain, most of the shops shut in the afternoon and the schools have a very long break.

This is because everyone has a rest. In Spain they call this 'siesta'.

In the evening I went into town and saw some Spanish dancers who wore beautiful costumes and played the castanets.

On the last day I went to see a bull fight. The man is called a matador and he calls the bull with a red cloak. It was exciting and a bit scary. I took lots of photos.
